CANDIDATE SNAPSHOT

A proactive leader with extensive experience in intelligent automation, having delivered significant cost savings through impactful projects utilising UiPath and ServiceNow. She excels in defining automation strategies, leading cross-functional teams, and fostering a culture of innovation. Her expertise in tool evaluation, implementation, and stakeholder engagement make her well-suited for a Head of AI & Automation role.

Her strong interpersonal skills and dedication to continuous improvement underline her capacity to drive transformative automation initiatives aligned with business goals.
