CANDIDATE SNAPSHOT

The candidate brings over 15 years of experience leading major projects and driving innovation within Australia's largest banks, with a particular expertise in AI and digital transformation. Their most notable achievement is establishing an AI Accelerator that accelerated generative AI deployment by 3x, supporting the rapid scaling of 18 solutions across multiple use cases, including content generation and data insights.

They have provided strategic AI guidance to executive leadership and built strong external partnerships, demonstrating their ability to translate complex technology into tangible business value. Their extensive experience in programme delivery, governance, and team leadership makes them an exceptional candidate for senior innovation roles.
