CANDIDATE SNAPSHOT

He is an experienced Salesforce Consultant and Business Analyst with a strong background in declarative solutions, stakeholder management, and process optimisation. He holds multiple Salesforce certifications, including Administrator, Platform Developer, and Service Cloud Consultant. His achievements include successfully implementing custom data models, migrating legacy systems, and optimising business processes.

He excels in training, leading workshops, and delivering user-centric solutions. His expertise in Salesforce configuration, automation, and user engagement enables him to drive significant value and efficiency in any role he undertakes.
