Radar chart axes: Platform Maintenance, User Management, Configuration, Scripting, Integration Knowledge, Process Improvement, Security Compliance, System Monitoring, Incident & Problem Mgt, Documentation, Support & Training. Scale 0–5.
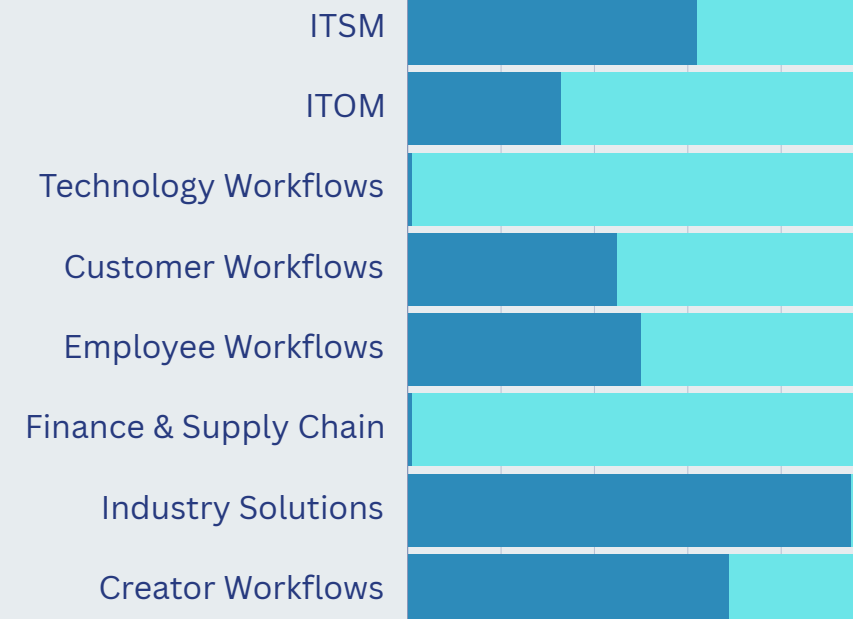

CANDIDATE SNAPSHOT

A highly experienced ServiceNow Developer with over a decade of hands-on expertise in IT and web development. She holds a ServiceNow System Administrator Certificate and has worked extensively across public and private sectors, delivering enhancements, integrations, and custom solutions using ServiceNow.

Her achievements include building portals, scripting with Jelly and AngularJS, and implementing third-party integrations via IntegrationHub. With a strong foundation in both front-end and back-end development, she brings deep technical knowledge, adaptability, and a passion for continuous learning.
