CANDIDATE SNAPSHOT

A highly skilled and results-oriented male RPA Developer with over 6 years of experience in designing, developing, and implementing robotic process automation solutions. He has expertise in UiPath and Power Automate, contributing significantly to automation projects across various industries such as finance, healthcare, and retail.

His achievements include leading successful RPA implementations, performing upgrades and migrations, and ensuring compliance with security standards. He brings strong project management skills, proficiency in scripting and programming, and a collaborative approach to understanding and meeting automation requirements.
