CANDIDATE SNAPSHOT

With 8 years of experience in UiPath, this candidate has designed and implemented automation solutions that significantly enhance operational efficiency. As a UiPath Specialist, he specializes in designing, delivering end-to-end automations, developing workflows, scripting automation bots, and integrating systems with APIs, databases, and enterprise platforms. He has successfully managed UiPath Orchestrator, optimized automation frameworks, and ensured robust, error-free deployments.

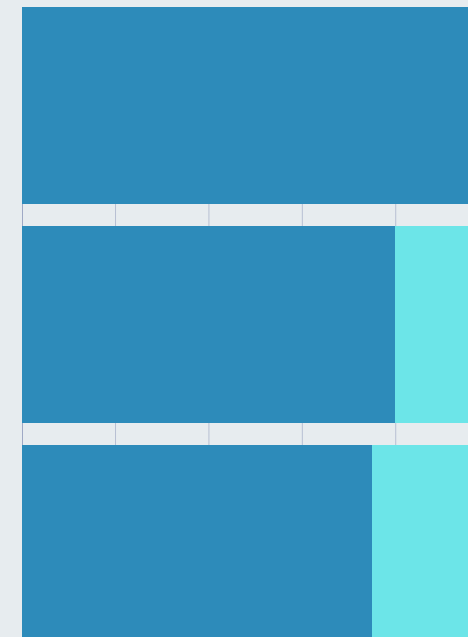

His achievements include developing bots for various projects, optimising business processes, and ensuring robust error-free development. He brings strong analytical skills, proficiency in Agile methodologies, and a commitment to improving business processes through automation.
