CANDIDATE SNAPSHOT

A highly skilled professional with over five years of experience in automation, AI, and data, he has led multidisciplinary teams and driven digital transformation across industries. His expertise spans RPA, intelligent document processing, and advanced AI solutions such as LLM-powered chatbots and predictive models. With a strong foundation in UiPath, he has delivered scalable, high-impact automation projects and optimised business processes.
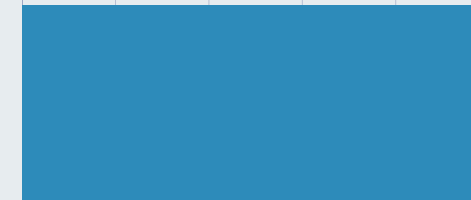

His leadership in building and scaling teams, strategic decision-making, and vendor management positions him as a valuable asset to any organisation seeking to innovate through AI and automation while aligning technology with business goals.

PRODUCT EXPERIENCE
