CANDIDATE SNAPSHOT

He is a seasoned process automation and improvement consultant with extensive expertise in Robotic Process Automation (RPA) and Intelligent Automation (IA), particularly using UiPath. He has successfully led automation initiatives across finance, insurance, consulting, and public sector domains.

His accomplishments include designing scalable UiPath solutions, establishing RPA Centres of Excellence, and applying process and task mining to uncover inefficiencies. He brings strategic vision, technical proficiency, and a track record of delivering transformative automation solutions that enhance operational efficiency and support enterprise-wide digital transformation.
