Candidate CV**

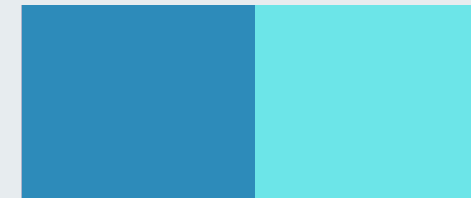

CANDIDATE SNAPSHOT

He is a Senior Intelligent Automation Engineer with over four years of experience in RPA, process mining, and conversational AI. He has led impactful automation projects across sectors including recruitment, banking, automotive, and retail. His expertise in UiPath is demonstrated through end-to-end project delivery, API integrations, and orchestrator configurations.

He has also integrated DRUID chatbots with UiPath to streamline user experiences. He brings a blend of technical depth, stakeholder engagement, and agile leadership, making him a valuable asset for driving digital transformation initiatives.
